> ABOUT ME

Computer Science student and developer specializing in AI-powered web solutions. Currently pursuing BE in Computer Science at Muffakham Jah College of Engineering and Technology in Hyderabad, India.

I have a deep passion for problem-solving and clean code. I am continuously learning new technologies and exploring the intersection of design and engineering to build extraordinary, scalable digital experiences.

- ▶ Currently studying CSE BE II Semester
- ▶ Based in Hyderabad, India
- ▶ Passionate about AI integration & scalable user-centric applications
- ▶ Virtual Vista 3.0 Hackathon Participant
